

# Honor Code

## To the freshman students of Engineering Exploration

The Honor Code is part of professional journey at KLE Technological University. Honor code reflects the standard of conduct expected to be followed by students undertaking Engineering Exploration Course. The policies of Honor Code apply to all freshman students who have registered for engineering exploration course. Students are responsible for understanding these policies and consult the faculty if they are not clear.

### During sessions

1. Students are expected to be punctual to all the classes and enter the class in scheduled time.
2. Students are not expected to use mobile/tabs for chatting/unintended browsing.
3. Any attempt to tamper with computer passwords/hardware or any other resources in class/lab is considered to be violation of honor code.
4. Students are not expected to carry any of the college resources outside the classroom.
5. Students are expected to keep the working table clean and working kit organized before leaving the lab.

### During laboratory assignments and assessments

1. It is very essential to cite all the ideas/images/quotes considered as part of work in order to acknowledge the credit to original source.
2. Misuse of documents including student resources/templates circulated is considered to be violation of honor code.

### In Tinkering lab

1. Students are expected to adhere to the rules published in tinkering lab (Considering the safety precautions of wearing gloves, goggles and shoes)
2. Stealing the resources belonging to college/other project teams is considered to be violation of honor code.
